

Game by Neta Siloni

Looking for what is drawn on the card while you travel

The travel begins, and with it the boredom and the complaints?

Open the box, shake the dice and pick a card.

Look for what is drawn on the card as many times as it appears on the dice.

Each card is allocated 3 minutes.

For example: the dice shows 3 and the card shows baby. Now you must find 3 babies on the way in 3 minutes - look outside, at other cars etc.

You can compete, who will find first what is drawn on the card, or you can search together.
